Floor plans and layouts are approximate. Dimensions are taken from the architect's drawings, are given to the nearest 15cm (or equivalent in inches) and may differ in the as-built property. Maximum dimensions may include sloping ceilings, pillars, window bays, fitted wardrobes and other features. Floor plans and layouts should not therefore be used for purchasing items such as furniture or carpets. Computer generated images and artists' impressions are intended to give an artist's impression of the design, based on information available to the artist at the time the image is created. They are not intended to be an accurate description of any specific property, its location or the surrounding area. We do sometimes need to make changes to designs, finishes and features during the development and appearance may vary on completion. Images showing views are based on the site at the time the image is produced. Please note that landscapes change and a view which is unrestricted now may be restricted in the future. We do not control adjoining or surrounding land. External areas are indicative only.
